# SHARE THE DREAM

Dearest Partners,

You are making a difference in the lives of children and probably know other organizations you could invite to join your school partnership. How, you ask?

- Share your personal story
- Explain what the partnership means to you personally
- Paint the picture of collaboration for your community
- Encourage a potential partnering organization to speak with your local Partnership Director

Caring for Kids Mission Statement: Mobilizing sustainable, transformative community school partnerships that inspire hope and prepare children to impact their world.
